

**M. LILLIAN L. STELLWAGEN**

The following comments are taken from a letter dated April 14, 1996. A copy of the letter is provided in Appendix 1.

**1. Comment:**

*We have had many accidents the last few years in front of our house, and the traffic is heavy. At certain times of the day even more so. Adding more trucks will cause additional traffic. Would it not be easier, since you may be building a truck road along the tracks, to extend that road to Route 155 and build a ramp up to it. Route 155 is already a truck road.*

**Response:**

Refer to the response to Comment L.1.
