

# Town of Colonie Comprehensive Plan Update Community Workshops

## HELP DEVELOP A VISION FOR THE TOWN OF COLONIE

The Town of Colonie Comprehensive Plan Advisory Committee (CPAC) is sponsoring a series of **Community Workshops** at locations around Town in November and December. The Town is beginning the process of updating its 2005 Comprehensive Plan. The updated plan will establish the community's vision for the future through the discussion of topics such as residential growth, economic development, land use, infrastructure, and community character.

The purpose of these initial Community Workshops is to introduce the public to the Comprehensive Plan process. We will also work together to define the Town's strengths and identify issues and concerns that should be addressed through this planning process. Residents, property owners, business owners, and all others who are interested in the future of the Town are encouraged to participate in any one of these workshops.

The CPAC was established by the Town to prepare the comprehensive plan update. The Committee's recommendations will ultimately be forwarded to the Town Board for adoption. For additional information about upcoming meetings, or to review notes from past meetings, please visit the Planning and Economic Development Department's (PEDD) website at <http://www.coloniepedd.org>.
